

**"IMPOSSIBLE,"** for you to enjoy motherhood," says the doctor. Sometimes he qualifies the statement, and says: "Impossible without an operation." Yet both these "impossibles" have been made possible by the use of Dr. Pierce's Favorite Prescription. Many times the hindrances to motherhood are found in womanly diseases or weaknesses, which are perfectly and permanently cured by "Favorite Prescription."

This great medicine for women cures irregularity and dries debilitating drains. It heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's medicine," writes Mrs. Ida M. Le Ford, of Latonia, Hubbard Co., Minn. "Have doctored with a great many physicians—some specialists; have twice been in a hospital for treatment. My case has been regarded as a hopeless one, and they knew not what the trouble was. Heart was bad; stomach all out of order; tired out; severe pains in all parts of the body; sinking spells, and nearly every ailment a woman could have. I took many a bottle of 'patent medicines' without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterward I gave birth to a ten-pound boy. All physicians had stated at a fact that I never could bear a child. Both the baby and myself were strong, and I got along splendidly—thanks to your medicine."

#### A Tribute to "Happy Jack."

SLATESVILLE, KY., May 17.—There is hidden back here in Lincoln county, a plain, sensible and unostentatious old gentleman, regarded by those who slightly know him as odd and eccentric. Those who know him well consider him studious, thoughtful, well informed and tenderly sentimental. Aside with two or three friends he is the soul of social life. At a banquet his timidity holds him silent. Any man who draws sensible deductions from what he reads, he calls a good reader, even though he spells some of the words as he reads, and if such a man behaves well this old man is certain to seek his companionship. He never writes unless he has something to say and everybody reads what he writes. He is full of sound sense, good humor, friendly sarcasm, tender pathos and deep wit. He often wreathes your face with smiles but sometimes gets your heart into your mouth. Read him through and you find nothing silly; but moral instruction in every word. Col. John H. Miller, once United States consul—he is more widely known as "Happy Jack," and I doubt whether he was ever inside of half a dozen printing offices. He is rarely seen at church or at court, and is then only a close listener on a back seat. He can't make a speech; says it makes him stutter worse than Moses. His articles are superior to some high priced literature and that some popular periodical does not engage him as an occasional contributor is a loss. Let us common people, who read, have one modest man of our own class. His open letter to Senator Lindsay, written more than a dozen years ago, is yet occasionally seen and some other of his writings are equally entertaining and instructive. To be a fine old Kentucky gentleman is the height of his ambition. He is never so happy as when in the company of the fine old ladies and gentlemen yet left, with whom he played in childhood. He is a man of some travel and around a fire-side with those who love him, he is simply charming. He has always been a dear lover of mankind and he says womankind too. He has no family, his wife and only child, a son, having died many years ago. He says "I've a book of thanksgiving and praise in my closet" but no skeleton; the world has been far better to me than I have to the world. I have known him since my childhood. He is worthy of more than I can say. I take pleasure in begging space for this communication.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by Craig & Hocker, Druggists.

#### The Harrodsburg Street Carnival.

The Street Fair and Carnival at Harrodsburg last week, held under the auspices of the local Odd Fellows, was one of the biggest and most successful exhibitions of the kind ever given in Kentucky. It proved a veritable gold mine for the management of same and the local lodge of Odd Fellows' bank account will, no doubt, be increased several thousand dollars, as they are to receive 15 per cent. of the gross proceeds. Each day the crowds were enormous, but Friday, "Carnival Day," the crowd was variously estimated at from 10,000 to 15,000. It looked to us like the World's Fair at Chicago in '93, because we don't believe we have ever seen as large a crowd as this one since then. The hotels, private boarding houses, business houses, livery stables and all the streets were packed like sardines in a box.

Main Street was full of tents and all kinds of shows and amusements were going on all the time for the entertainment of the people and, if every man, woman and child did not have a good time, it was because they failed to "take it in." Every kind of amusement could be found and we want to say right here not a single one of the many shows that were doing business there had a bad or tough feature in it and any gentleman or lady could attend any one of the numerous attractions without being in the least embarrassed with smutty jokes or other things that are only found in second-class exhibitions and, we don't think any higher compliment could be paid the local lodge of Odd Fellows, than for the high plane on which they conducted and managed the fair.

Among some of the attractions were: "The City of Jerusalem," a thing of beauty in manner of workmanship, requiring for its construction 12 years of hard labor. The beautifully carved walls, the blacksmith at the anvil hammering away, the drawing of water from the old well, the Pharisees, the bullock drinking from a trough, the pall-bearers attending a bier and walking through the gates made a most beautiful picture. The entire construction was made of wood and how any human being could conceive the idea to carve out of wood the beautiful old "City of Jerusalem" in such a manner is, indeed, a wonder.

The electrical show, consisting of stereopticon views, was very beautiful, especially those of the different battles in the Philippines.

The great "Ferris Wheel," 60 feet high, revolving around every minute, with its dead loads of passengers, a person would think on reaching the top that his poor soul was being wafted heavenward and his chances to hug old mother earth again would be very slim, but to go "round" is a very pleasant pastime, especially to the young people who want to do a little "tall courting" and don't want any one to hear it but their God.

The minstrel show drew very largely, as they always do, and their entertainment was real good. The anecdotes were choice, the dancing of high order and the singing first-class. Over 1,500 tickets alone were sold to this attraction Friday.

Crowds gathered to see Sampson, (not the dead Admiral, however,) but the wonderful snake, 27 feet long, weighing 310 pounds and said to be 49 years of age.

Esau, the greatest of snake eaters, was on hand and devoured them by the hundreds to the satisfaction of all concerned.

Baby games, cane and knife racks and the like were very numerous and all seemed to be doing a land office business.

Every afternoon during the Carnival at 4 o'clock a man would leap from a ladder, 60 feet high, into a tank of water and it always created a great deal of excitement.

Friday was known as "Carnival Day," the day of the crowning of the beautiful Queen, and people were there from the four corners of the earth. There were numerous contestants for the high honor, but the handsome and accomplished Miss Murna Clare Curry proved to be the most popular young lady in Mercer county, receiving 2,861 votes, 500 more than her nearest competitor. Every one was guessing who would be the "Queen of the Carnival," but it was kept secret until the day of her crowning. She was attended by 16 beautiful maids of honor. The Queen looked the very picture of loveliness and we are sure the good people of Mercer county made no mistake in selecting her for the high honor.

The "Carnival Parade" was about a mile long, being participated in by the Queen, whose carriage was drawn by four milk-white horses, her 16 maids of honor in an artistically decorated float, the Odd Fellows, Red Men and Y. M. C. A. boys, all being on foot, a lot of beautifully decorated floats bearing the names of different enterprising merchants, marshals and directors on

horseback and all of the handsome fancy turnout carriages and in all made a most beautiful parade. A great many business houses were decorated for the occasion.

Those Princes of good fellows, Messrs. John G. Pulliam and D. M. Hutton, proprietors of that excellent paper, The Herald, are two of Mercer's most popular and enterprising citizens. They are making the Herald boil over each week with breezy, spicy and up-to-date news for their very large patronage. We are under many and lasting obligations to these gentlemen, for which we extend profound thanks.

Everybody seemed to be on their best behavior and we never saw anybody "feeling their oats" while we were there, which goes to show that Chief of Police Smith knows how to keep good order as well as our own excellent Chief of Police Jones.

We had the pleasure of meeting Mr. J. H. Grimes, the versatile local editor of the Democrat, and found him to be a Chesterfield in every sense of the word. He is making the Democrat a bright, newsy and most popular sheet. We are indebted to him for courtesies extended.

Harrodsburg was filled to overflowing with visitors and everybody seemed to be having a royal good time. By the way Harrodsburg is as full of pretty girls as an egg is of meat.

#### From the Pacific Slope Prof. M. D. Hughes Writes His Favorite Paper.

LIND, WASH., May 13.—Thanks to several friends who made it possible for us to come 2,500 miles to see our grandson, Robert Nolan, and his mother and father, who have an elegant home and are doing nicely in this prosperous little city, which increased 400 per cent. in population in less than one year, having a fine school, four churches, splendid business houses, a well developed spirit of enterprise, and everything necessary for the mental illumination and moral improvement of mankind. Some farmers cultivate several thousand acres in wheat, which yields from 30 to 40 bushels per acre. Over 600,000 bushels of wheat is marketed from Lind and not more than half the land tributary to the town was in cultivation last year. The climate is pleasant and healthful, there being no extremes of heat and cold. Land is much cheaper than in Kentucky. Along the route traveled by us there are forty millions of acres of the best government lands in America, subject to entry.

I am thankful to the Kentucky "craft" for newspapers, and I beg leave to state that Fargo, Helena, Butte, Portland and Spokane issue large daily papers which are excellent in mechanical make-up and subject matter. I have met several Kentuckians who are prospering, one of whom is Frank W. Newland, who was born in Crab Orchard and is now in the hardware business in this town. Tell Dick Warren that we will "deaden" over the line and insure his election to Congress. I spent the 5th inst. in St. Paul, Minn. A city election was held that day and the Democrats won easily. Our presence may have brought about the result.

A school election was held here last Saturday, when they voted a tax of 10 mills, which means one dollar on the hundred, and shows that they are determined to support good schools. The polls closed at 6 P. M., which is the same as eight with us, there being two hours difference in time, the watch being turned back one hour at Mandan, N. D., and one hour at Hope, Idaho. To show the quick service of the Northern Pacific, we note the fact that we pass Dawson, Dakota, at 11:10 A. M. and arrive at Mandan, a distance of 56 miles, at 11:30.

It is impossible to form an adequate conception of the vastness of our country and its resources without traveling through it. The map gives a contracted idea, and that varies only in proportion to the size of the map. The inviting scenery in the eight States through which we have passed is worth more than a year's study of the geography of the same country. The limitless plains, the magnificent rivers, the splendid cities, the beautiful lakes, the renowned parks, and the snow-capped mountains lifting their heads above the clouds, are indelibly stamped on the tablets of memory, and we are lost in contemplating the wisdom and goodness of Omnipotence, in giving to every land rich favors from His bounteous hand. This law of compensation is manifested by the rich mineral and timber lands in Montana and Idaho, in lieu of the agricultural resources of the other States. We have seen the beautiful, the sublime, the magnificent and marvelous in Nature, and this trip will be a fixed period, by which other dates are reckoned. We have seen Indians, "Japs," buffaloes, prairie dogs and Chinamen; but they are giving room to the proud Caucasian, who will utilize this great land, and, by the strong

MISS MURNA CLARE CURRY,

of Harrodsburg, who will represent Beaumont College June 18th in Saultey & Alverson's 1st Annual Elocutionary Contest at Walton's Opera House. Miss Curry is one of Harrodsburg's handsomest as well as most popular young ladies, having been chosen Queen of the Carnival last week, receiving 2,861 votes, 500 more than her nearest competitor. Miss Curry, representing the above college, won first prize in an elocutionary contest at Lebanon a few weeks ago. Miss Curry is related to the Fosters, Staggs, McAllisters and other prominent families in this county. She will recite "Knights False Vow."

ties of fraternity and a common ancestry, unite the south, east and west, forming the wealthiest and most powerful nation on earth. I hold my citizenship dearer than ever before, and I want the benighted, in every land, to partake of the sweets of our benign institutions.

I would advise all who come to this country to take the L. & N. railroad to Louisville, the Monon Route to Chicago, the Chicago & Northwestern to St. Paul and the Northern Pacific to Washington. These roads have reached the climax of efficient service, and the courtesy and affability of the officials and employees make us feel at home, by indicating prominent points for beautiful scenes and giving any other desired information. The fare is as cheap as on any road, quick time is made, magnificent day coaches, dining and observation cars, together with superb sleepers are employed, and, everything being considered, it is the most desirable route to this country.

Very truly, M. D. HUGHES.

#### CHURCH MATTERS.

Rabbi Hirsch says "the Sabbath of the Jews is dead" and pleads with them to abandon the observance of Saturday.

"Remember, my dear brethren," said the minister, "that charity covereth a multitude of sins. I hope you'll be unusually generous in your offering this morning."—Detroit Free Press.

A large crowd attended the county meeting at McCormack's Saturday and enjoyed an interesting program and a most excellent dinner. There are few more hospitable people than those of the McCormack's church section.

By a vote of 24 to 19, the Methodist War Claim Committee reported in favor of accepting the money and sustaining the book agents. The minority report recommends returning the money to the government and roasts Attorney Stahlman.

#### SCIATIC RHEUMATISM CURED AFTER 14 YEARS OF SUFFERING

"I have been afflicted with sciatic rheumatism for 14 years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by Craig & Hocker, Druggists.

"Divine Healer" Dowle has just had a practical and personal demonstration of the adage that the Lord helps those who help themselves. Less prayer and more doctoring might have saved his daughter's life. The incident will doubtless cause another eruption, if not evolution, on the part of Dowle Elder Brother Barnes.—Lou. Times.

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

FRIDAY Maria Christina, who has been queen regent of Spain since 1896, resigned all power into the hands of her 16-year-old son, Alfonso XIII, who became king. Perhaps he would have been better fitted for the great responsibilities he is to undertake, had he not come of age until he was 21. Kings and queens, however, often come to the throne at an early age. Alfonso's own grandmother, Isabella II, began to reign at 13. Alfonso is not an imposing figure as a representative of his house of Bourbon, but he is not singular in that respect, for that house is now among the decadents. He is far from having reached either physical or mental maturity, but if he has good advisers, he may reign both wisely and well. The world will credit him with good intentions and will wish him well.

THERE is going to be trouble in the land for Hon. Vincent Boreing, the preacher-politician of the 11th. That strapping 64 footer, Senator Parker, who calls himself a barefooted mountain boy, is camping on his trail, and Col. D. G. Colson is also making life miserable for him. Both are candidates to succeed him in Congress and their combined efforts seem to be directed against him. Colson spoke at London, Boreing's home, the other day and handled "the very distinguished son of Laurel," as he called him, without gloves, winding up with this very serious implied charge that Boreing had received \$1,000 a month for the last 24 months of his term from W. B. Catchings, of Washington, D. C., on mail route contracts, in direct opposition to the law.

VIRGINIA is to have an improved capitol at Richmond, preserving the building around which cluster many historical associations. The Legislature has appropriated \$100,000 to modernize the old building, but it is provided that there shall be no change in the general architectural plan. The construction of the capitol was begun in 1785, after a model sent from France by Thomas Jefferson. It is filled with historical relics and is one of the most interesting places to visit in the country.

JAIL DELIVERY.—Three of Jailer Herrin's boarders effected their escape from the jail Sunday night, one of them eluding all efforts at capture. The men who escaped were Tom Bryant, charged with forgery and sent here from Pittsburgh for safe-keeping; Chris Jackson, house-breaking, sent from London, and J. W. Casteel, forger and all-round swindler, also sent from London for safe-keeping. Bryant and Jackson were recaptured, but Casteel is still at liberty.

The delivery occurred between 7:30 and 8 o'clock, while Jailer Herrin was at church, the men cloaking their movements and drowning the attendant noise by the singing of religious songs. A bar was broken off at the top of one of the windows on the south, the work being done on the second floor of the jail and it was then an easy matter for the prisoners to climb down the bars and into the yard, which is surrounded by a wall 12 feet high. By means of the bars on the window of the ante-room, the top of the wall was easily reached, from which they lowered themselves to the ground.

As soon as they were well away from the jail, however, some of the remaining prisoners called Mrs. Herrin and the alarm was at once given. The fugitives had proceeded at once to Rowland and becoming alarmed separated. Bryant secreting himself on a Southbound freight, Jackson going South on the railroad by foot and Casteel striking off in the direction of Richmond. Jackson was the first to be caught, he being intercepted at Cedar Creek, and in response to a telegram the crew of the freight arrested Bryant and carried him on to London. Jackson was returned to jail at once, while Bryant was brought back by Mr. Herrin yesterday at noon. As nearly as can be learned, Jackson did the real work in connection with the affair, and his early capture was due to the fact that he was in a weakened condition from the use of morphine. Casteel, the missing man, is apparently an expert crook, and his capture is thereby of the most importance. He is about 5 feet 9 inches tall and weighs about 130 pounds. He is smooth faced, with dark hair and eyes and a sallow complexion, and when last seen had on steel-grey trousers, a light coat with green stripes and a white shirt and was without a hat. The authorities of the neighboring towns are all on the lookout for him, and it is probably only a matter of a few days until he is again safe behind the bars, and more closely watched. This escape will work hardship upon the prisoners, as Mr. Herrin has heretofore allowed them the liberty of the corridors at night, making the delivery comparatively easy. The prisoners had doubtless been conspiring for some time, and it is believed they had in view some violence on the person of the jailer. This is borne out by the fact that they asked Mr. Herrin to come in and visit them Sunday night, as they wanted to talk with him, but that gentleman declined. It is perhaps fortunate for him that he did. Mr. Herrin and others are scouring the country for Casteel and we hope their efforts will be attended by success.

LATER.—Casteel was arrested at Livingston last night and Jailer Herrin went there on the midnight train for him.

WANTED.—A young up-to-date man to handle horses. J. C. Siler, Lancaster.

THE infant which was found on the door step of Ben Rains, colored, of Boyle, is dead.

SAM MASTON, who was shot by Bill Rowsey near Parksville at the point of death. Rowsey is still at large, but the officers are making a desperate effort to get him.

MR. W. H. TRAYLOR says he will not begin drilling for oil until he gets through "stilling." He fears a gusher might catch fire and burn up his distillery and machinery. He is satisfied that he has oil on his farm.

In a letter to a follower of his here, "Lige" Dowle says that his daughter met her death by the explosion of a alcohol lamp, over which she was heating a pair of curling tongs. Let this be a warning to all young ladies—never to curl their hair.

A PRIMARY.—At a meeting of the executive committee of this Congressional district at Lawrenceburg yesterday, a primary was decided upon, the date of which is Saturday, August 9. Hons. R. C. Warren and G. G. Gilbert are the only candidates so far.

POLICE COURT.—Wm. Bogle, colored, charged with the using of abusive language, was up before Judge Carson yesterday morning, but succeeded in clearing himself of the charge. Frank Richards, also colored, was fined \$10 for drunkenness and disorderly conduct.

It needn't be concluded that the editor of this paper has a mania for moving simply because he and his family have already moved twice this year. We have heard of people moving even oftener than that. In many cases it is cheaper to move than to pay rent, you know.

CRAB ORCHARD.—The ladies of the Crab Orchard Baptist church will give a strawberry supper in the Buchanan store-room next Friday night, the proceeds to be applied to repairs on the church building. All ladies willing to assist in the work are requested to meet at the church Wednesday afternoon at 2:30 o'clock.

W. S. BURCH MADE CHAIRMAN.—At a meeting of the county committee Saturday afternoon, Hon. R. C. Warren's resignation as chairman was accepted and Mr. W. S. Burch was elected in his stead. Mr. Warren has made an excellent chairman and it was with regret that his colleagues accepted his resignation. Mr. Burch is a splendid young democrat, full of energy and a hard fighter and will make an A 1 chairman.

THIS sent from Danville may be taken with a good coating of salt: Martin Jones, of Danville, was saved from death by the power of his right arm a day or two ago in Casey county. Jones is a stock trader, and went into a field to secure a calf. A big bull made a wild rush for him. Jones had no means of defense, but doubled up his fist and struck it furiously over the eye with such violence that it fell and rolled on the ground. Jones then escaped, but his hand is badly injured from the blow.

LYTLE.—Miss Rhoda Lytle died at Harper, Kansas, Saturday morning of a complication of troubles and her remains will be brought here and interred in Buffalo Springs Cemetery at 3 o'clock this afternoon after short services at the grave. Miss Lytle was a daughter of the late Judge J. A. Lytle and lived here until 1887. She was a sister of Mr. R. S. Lytle, now of Danville, and she has several sisters at Harper. Miss Lytle was a most excellent lady and her death casts a gloom over her friends here and elsewhere.

VANDEVEER.—After an illness of months of a complication of troubles, Mrs. Martha Vandever, relict of Mr. David W. Vandever, breathed her last at noon Friday, aged 66 years. Less than a year ago her husband was laid to rest. Mrs. Vandever was a Miss Lunsford and nearly all of her life had been spent in Lincoln county. Early in life she joined the Christian church and for years she was a valiant worker in the Master's cause. Mrs. Vandever was an ardent admirer of Rev. Geo. O. Barnes but could not have been considered a follower of that grand and able expounder of the gospel. Realizing that the chances were against her ultimate recovery, she frequently expressed a willingness to die and she made every preparation to that end. Mrs. Vandever was a gentle, kind woman, exceedingly charitable and her good deeds on earth will be remembered for years to come. Three daughters are left to mourn this Godly mother and in their great loss they have universal sympathy. They are Mrs. W. E. Varnon, Mrs. Mattie Kirby and Miss Nannie Vandever. May He who tempests the wind to the storm lamb give them strength to bear their sad affliction and make them soon to realize that "mother" is far better off in her eternal home than she could have been here. After short services at the home at 10 o'clock yesterday morning by Rev. J. W. Hagin, the interment took place in Buffalo cemetery.

J. C. Hays bought of J. H. King a mare for \$125.

T. W. Moore refused \$12,000 for his good coat, inventor.

GOLDEN WEALTH

Produced by Lincoln County, Ky., Soil.

THE GREEN RIVER DEVELOPMENT CO. has commenced operations on the Dr. Morris farm, one mile from the Baughman well, running day and night. A big well is expected. The Baughman well has been estimated by expert oil men, who saw it balled, to be good for at least 100 barrels per day, and of high gravity illuminating oil. Wells of this character are far more valuable than a gusher. All of our holdings have been carefully selected and we confidently expect some big wells in near future. We now offer a limited number of shares for sale at 40c a share; the par value is \$1.00 a share, fully paid and non-assessable. Buy to-day—don't delay—when we get a big well this stock will be advanced and probably withdrawn from the market without notice. 25 shares is the smallest block the company will issue. Remit by certified check or postoffice money order, or call on or address S. F. Gray, General Manager, Crab Orchard, Ky., or W. S. Fouts, Secretary and Treasurer, Bluefield, W. Va.

THAT NEW SUIT

you are thinking of getting is here ready-to-wear the moment you put it on. You will admire yourself and feel that others admire you—and they will, too. It don't take much money to dress well if you know where to trade. You may have a dozen tailors dancing at your command, but none of them can design for you prettier garments than the spring suits which we are now showing at \$8, \$10, \$12.50, \$15 and \$18. Everything in men's wear is here—every late style, or whim of fashion, is here in Clothing, Haberdashery, Hats and Shoes, and every price, quality considered, is lower than elsewhere.

Standard and registered. Sired by Gambetta Wilkes 2:19 1/4, sire of Guine 2:05, Lottie Lorraine 2:05 1/4, Eyelet 2:05 1/4, Dr. Montic 2:09 1/4, and 99 others in the 2:30 list. First dam Daisy Field (grandam of Alice Wilkes 2:17 and Aleatta 2:18) by Enfield (sire of 6 in 2:30 and the dams of 55 in 2:30 or better).

Second dam, Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17 1/4, Lemonade 2:27 1/4, and others and dams of 6 in the list. Third dam by Old Joe, sire of the dam of J. Q. 2:17 1/4. Gambetta Wilkes' sons and daughters have over 100 in the 2:30 list. Galton carries the blood of the four leading families—Wilkes, Hambletonian, Mambrino and Seely's American Star.

Galton is a great show horse, as has been tested in the show rings. His colts have been shown three years in succession at Hustonville, Danville, Springfield and other fairs and have won the largest premiums for harness classes over all others. He has proven a great cross on saddle mares as he gives his colts finish, action and step, and they are selling for the highest prices. Galton will serve mares at my stable two miles west of Hustonville, at \$10 TO INSURE A LIVING COLT. Will keep mares on grass at \$2 per month after May 1.

**W. M. DODD.**

**DIGNITY DARE.**

DESCRIPTION.—Foaled 1895, 15 hands 3 1/4 in. high, weighs in good flesh, 1,200 pounds; mahogany bay, with black points; a model in form with that wonderful style characteristic of the Chester Dare family so universally acknowledged as superior to all. As a show horse he has made a good record, winning in his class and sweepstakes many blue ties. In his 3-year-old form wore 13 blue ties out of 14 shows thro' Central Kentucky. In harness he is very stylish, well gaited, with pure decided action and steps a clip few saddle horses can show, making him a harness horse of the highest type. Under saddle he is attractive, bold, with best of line action, speedy, separating his gates perfectly, with knee action necessary for an up-to-date sire. His colts, though young, are coming to the front and fast ranking him one of the best of breeders, which class bring sensational prices. His colts are large, rangy, with long, well-set neck, fine backs, broad, flat bone, with great action and best of colors. I respectfully invite you to call and inspect them before booking your mares.

PEDIGREE.—Sired by famous Chester Dare, No. 10, A. S. H. R., he by Black Squirrel, 58, he by Black Eagle, 74, he by King William, 67, he by Gaines' Denmark, 64, he by race horse Denmark, 61, he by imported Hedgeford; 1st dam Fredzie by Welchmont, No. 6367, A. S. H. R., he by William Welch, 341, he by Rysdicks Hambletonian, 10, 2d dam by Abdallah Messenger, 3rd dam by Gills' Vermont, 4th dam Thoroughbred, Welchmont's 1st dam Pauline by Almont Forest, 2863.

Will make the season 1902 at Lawn Mere Stock Farm, 2 1/2 miles West of Hustonville, Ky., on Bradfordville & Hustonville pike, near Carpenter's Station, at \$20 to insure a living colt. A small reduction on a club of 5 or more mares. Mares traded or parted with forfeits insurance and money becomes due at time of such transaction. Loan retained upon all colts till season money is paid. Mares from a distance grazed \$2 per month. Grain fed, if desired, at reasonable rates. All bills must be paid before removal of mares. Mares entrusted will receive my personal attention, but will not be responsible for accidents or escapes.

**WHOOPIING COUGH.**

A woman who has had experience with this disease, tells how to prevent any dangerous consequence from it. She says: Our three children took whooping cough last Summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.
